

24 September 2020

Dear customers

Stop saling for the mercury thermometers

‘Minamata Convention on Mercury’ was adopted on 10th October 2013 by United Nations Environment Program, thereby our mercury thermometers are going to stop saling from 2021.

In addition, with the mercury thermometer which we have already given our customers the quotations for, the sales will end as soon as our stock runs out since the suppliers cut back manufacturing mercury thermometers.

For further information, please contact below our subsidiaries.
