## 2. About the design concept of the corporate logo

### (1) Logo Mark

It is based on the symbol mark “E” from the time of the company's founding, which is used as the company emblem and represents our desire to carry on the history and DNA of the company. Additionally, the overall horizontal and vertical composition represents our precise, advanced technical capabilities and honest corporate attitude.

### (2) Logo Type

The “E” in the center of the new company name, which is a combination of the words “Infinity” and “Earth” is positioned as an important axis, and the company will achieve a high level of balance between “Sustainability of the global environment” and “Sustainable business value enhancement” without compromising its core business of supplying energy to social infrastructure. And the “i” is at the center of it. This represents our determination that every employee, that is, “I,” will take the initiative in making this a reality.

### (3) The color of the brand

The gradation that moves from blue to green represents that the trust cultivated by Daihatsu Diesel will be linked to global environmental sustainability and an abundant society.

The new company name, DAIHATSU INFINEARTH, is a coined word for “Infinity” and “Earth” . With the corporate statement “TECHNOLOGY FOR THE EARTH, our group contributes to the realization of a sustainable society by working in harmony with the global environment through technology. Our new company name will further clarify this mission, as we will continue to pursue technological innovation and bring limitless new possibilities to the global environment.
